Item 1.01 Entry into a Material Definitive Agreement.

On May 19, 2014, Gogo LLC, a wholly-owned subsidiary of Gogo Inc. (the “Company”), entered into the Amended and Restated Manufacturing Services and Product Supply Agreement, dated May 19, 2014, by and among Gogo LLC and Qualcomm Technologies, Inc. (“Qualcomm”), pursuant to which Qualcomm has agreed to provide the Company with in-flight radio modems, a key component in the Company’s wireless in-flight cabin network and air to ground and next generation ATG-4 connectivity service, which utilizes EV-DO Rev. B technologies. The agreement extends the duration of the Manufacturing Services and Product Supply Agreement, dated September 4, 2007, by and between Aircell LLC and QUALCOMM Incorporated, until May 19, 2019, with an option for the Company to extend the agreement for an additional year if the Company has placed a specified number of orders by a specified date. The agreement also revises certain pricing and delivery terms with respect to the Company’s purchase of in-flight radio modems from Qualcomm and increases the number of in-flight radio modems to be delivered by Qualcomm.

The foregoing description of the Amended and Restated Manufacturing Services and Product Supply Agreement is qualified in its entirety by the full text thereof, a copy of which will be filed as an exhibit to the Company’s quarterly report on Form 10-Q for the period ending June 30, 2014.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
